

## SPRINGBOK EXPERIENCE

The Springbok Experience is a world-class, modern interactive museum telling South Africa's story through the eyes of its most powerful sport. It offers a fun and entertaining experience for the whole family and is a must-do attraction at the heart of the V&A Waterfront in Cape Town.

The museum features more than 60 audio visual displays where visitors can watch the history of South African rugby unfold, set among cases displaying historic objects such as famous trophies, jerseys, boots and other memorabilia. It makes a perfect venue for exclusive corporate events as well. And there are games for children and adults alike where they can test their kicking, passing, fitness and reaction skills in the interactive Springbok Trials games zone. There's even a flagship Springbok shop. The Springbok Experience is a museum . but much more than that . offering fun for all the family.

Set at the heart of one of Africa's busiest visitor attractions . the V&A Waterfront in Cape Town . it comes complete with its own set of rugby poles and in an elegant stand-alone building, Portwood House, overlooking the main shopping precinct.

It is open from 10am to 6pm (every day except Christmas Day) and takes visitors on an interactive journey through the fascinating story of South African rugby from the 1860s right up to modern times. It also tells the hidden story of black rugby history for the first time and pulls no punches in placing rugby in South Africa's social history as a sometimes divisive and ultimately unifying force. If you're wondering what to do in Cape Town, you must visit the Springbok Experience.
